

How to install Customer Remove Data Extension

Getting started

Run the following command in Magento 2 root folder:

Unset

```
composer require vtnezwelt/customerdataremove  
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy
```

Alternative Method:

Unset

```
Install the module in app/code folder  
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy
```
