

INFOSHEET

Apps and Extensions for Adobe Commerce and Magento Open Source

Expand your Commerce capabilities with Marketplace listings—built by experts and validated by Adobe.

Technology for your business

Innovative features, improved performance, and greater customer value

Apps for Adobe Commerce

Enable enhanced customer experiences and back-office integrations with scalable Apps running in Adobe's serverless runtime that reduces operational overhead.

Extensions

Thousands of free and premium extensions extend the features of Adobe Commerce and Magento Open Source.

Value right now

Proven Marketplace listings from Adobe and its partners save you the cost, time, and effort of do-it-yourself experimentations, and put your new capabilities to work right away.

From sources you trust

Shop with confidence at Adobe Commerce Marketplace

Easy discovery

Adobe Commerce Marketplace guides you quickly to listings that match your industry, role, and business requirements.

Proven quality

Marketplace listings are tested and proven by Adobe to ensure originality, code quality, compatibility, and security compliance. Whether you are using Apps or Extensions you can extend your Commerce capabilities with confidence.

Trusted developers

Adobe Partners are a community of trusted eCommerce developers, proven experts at creating premium Marketplace listings for merchants looking to receive even more value from Adobe Commerce or Magento Open Source.

Integration and support

Integrated SaaS solutions extend and customize shopping and back-office experiences. Products and services on the Adobe Commerce Marketplace are sourced and supported by Adobe and its global community of developers.
